The Oregon Reading Association and its local councils carry out this mission at the state and community levels.

As a student, you are an important part of the reading scene today. Full-time undergraduate or full-time graduate students interested in the field of teaching are invited to join IRA, ORA, and the local council at a special reduced rate of \$30! (Regular members pay a total of \$86.) With your membership you will receive an IRA journal of your choice. We must ask that you indicate on the membership form which college or university you attend and obtain a signature from a professor indicating you are a full-time student.
